International Cabinet Doors is a manufacturer of high quality MDF and 3D laminated doors. By offering a wide range of colours and styles we are sure to meet all of your design needs. All doors are produced on location using the best of North American and European materials to ensure a long lasting high quality product. In house production also allows for customization and modification to all door styles making the possibilities endless. At International Cabinet Doors we are committed to service and customer care. This ensures the quickest possible turnaround times to meet today's demanding business environment

Care and Handling

In order to keep doors looking beautiful for years to come it is imperative that no solvent based cleaning materials (lacquer thinners) or any cleansers that contain abrasives are used. Please read the labels of cleaning products before using on thermoplastic doors.

Thermoplastic Cabinet Door Warranty

International Cabinet Doors provides the following express warranty for all of its thermoplastic products which are sold directly by International Cabinet Doors and its authorized distributors and retailers.

International Cabinet Doors guarantees that the International Cabinet Doors thermoplastic product is exempt, under normal use and maintenance from any defects in workmanship, delimitation, and premature yellowing subject to the following terms and conditions:

1. Standards

If any fault should be found in International Cabinet Doors thermoplastic product within the warranty period of five (5) years from the date of purchase, necessary repairs and/or replacement shall be made under International Cabinet Doors discretion when the latter acknowledges that such defects are due to faulty workmanship and or materials.

2. Limitations

This warranty shall not apply to :

- A) Any defects caused, or repairs required as a result of misuses, abusive operation, negligence, accident, improper use or installation, and/or insufficient care.
- B) Any International Cabinet Doors thermoplastic product tempered by adjustment, altered or repaired by any party other than International Cabinet Doors or an authorized servicing agent.
- C) Any defects to the surface caused by normal wear and tear and the natural aging process.
- D) To the extent, the law permits, for loss of time or use of International Cabinet Doors thermoplastic product, installation and transportation costs necessary for the application of this warranty, or any other indirect or consequential damage or inconvenience.

3. Warranty Procedure

Should your International Cabinet Doors thermoplastic product reveal any defects during the warranty period, warranty service may be obtained upon delivery of the product, together with proof of purchase, to International Cabinet Doors or the authorized dealer from whom it was purchased.

4. Exclusion of all other warranties
